

Long-Term Contribution Policy

February 2024

We recognise short-term contributions to the club through the annual Hero Awards and the Maxam Trophy.

As we increasingly rely more on the involvement of members in running the club, we should recognise long-term contributions.

By recognising long-term contributions, members may keep in contact with the club for longer, helping the club retain access to their valuable knowledge.

When a member no longer flies as the pilot in command, the committee, at its discretion, can consider what award to make.

Approved by the committee:
